

# PRODUCT DATA SHEET

## GM8805 Carbon Monoxide Meter

### Features:

- Large LCD backlight digital and character display for easier reading.
- Safety indication: regular light flashing and voice indication. When carbon monoxide concentration increases, buzzing voice frequency would also be increased.
- Excellent audible alarm, low maintenance cost.
- Support carbon monoxide detection.
- Solid shell and robust electric characters.
- Automatically shut off if it is not operated for 10 minutes.
- Review of MAX and MIN readings, MAX, AVG and Data hold function.
- Buzzer alarm setup function.

### Specifications:

- Detected Gas : CO in the air
- Measuring Range : 0-1000ppm
- Resolution : 1ppm
- Minimum Reading : 1ppm
- Accuracy : +/-5%(f.s), +/-10ppm
- Response Time : 60 seconds
- Sensor Type : Electrochemical CO sensor
- Operating Environment : 0-50 degrees Celsius / 32-122 degrees Fahrenheit, 10-90%RH
- Storage Environment : -10-80 degrees Celsius, -14-176 degrees Fahrenheit, 10-75%RH
- Power : 2 \* 1.5V AAA battery
- Weight : 104g / 3.67oz
- Size : 55 \* 29 \* 135mm / 2.16 \* 1.14 \* 5.3inch
